Because Life is Meant To Be Enjoyed!

Parfums Laval is an Artisanal Luxury Perfumery founded by Thierry Laval. A new name in high quality authentic French Perfumery, Parfums Laval is destined to become synonymous with luxury and pleasure.

The flagship fragrance – Parisienne is a gracious, elegant and voluptuous perfume evoking the charm and sensuality of Paris.

The floral, fruity and powdery fragrance of Parisienne is fresh and light. It will transport you immediately to the capital of romance.

A Truly Cosmopolitan Fragrance

The base ingredients used in the manufacture of Parfums Laval are of the highest quality and are prepared in the region of Grasse, the French capital of high quality perfumery. Parisienne incorporates a fruity head note, a floral heart note and a woody base note.

Ingredients are grown in various exotic locations such as India, Haiti and Egypt. As Paris is a truly cosmopolitan city, Parisienne is a truly cosmopolitan fragrance.

Fragrances For Both Men and Women

Thierry completes the products in Australia, with Australian alcohol and water as well as other local and imported components.

Over the coming months Thierry will introduce more fragrances for both men and women, including bath and shower gels and soaps.
